

THIS SOUND
CHANGES EVERYTHING

WIDEX MOMENT™

WIDEX

SOUND LIKE NO OTHER

HEARING LIKE YOU REMEMBER

Even a great hearing aid has always sounded like a hearing aid — until now. The WIDEX **MOMENT** is different. It changes the game by delivering the most pure and natural sound ever — tailor-made for your individual hearing needs.

Plus, by providing a more customized sound, WIDEX **MOMENT** lets you hear every moment like you used to — naturally.

PEOPLE LOVE THE SOUND

Are you tired of hearing aid “revolutions” that no one can actually hear? We are. That’s why **WIDEX MOMENT** is different. It makes a real difference to how you hear in real life.

Tests show that a large majority of both new and experienced users prefer the new Widex **PureSound™** in **WIDEX MOMENT** across different sound scenarios. Add this to the ability to effortlessly personalize the way you hear, and you have a hearing aid that will give you pure and natural sound like you’ve never heard before.

STREAM FROM YOUR DEVICES

We've upgraded the 2.4 GHz Bluetooth connectivity in WIDEX **MOMENT** so that you can stream from iOS and other accessories. It's also prepared for future connections with select Android devices. So, now you're prepared for all of the streaming entertainment the world has to offer, in the highest quality possible.

BUILT TO LAST

WIDEX **MOMENT** is designed for maximum moisture resistance and long life — because less corrosion means more durability.

You'll welcome the advanced water-resistant nano coating to resist moisture. Our rechargeable option has no battery door, so there are fewer gaps for moisture to sneak into.

RECHARGEABILITY IS NOW DISCREET

Convenience is discreet with WIDEX **MOMENT**. Although the mRIC R D model is the market's smallest rechargeable receiver-in-canal hearing aid, you can rest easy knowing you'll have all the power you need to hear every moment.

Take better care of your WIDEX **MOMENT** mRIC R D hearing aids with Widex Charge n Clean. The charger offers:

- 4 hour charge for a full day use
- 30 minute charge for 4 hours of hearing aid use
- Sanitizing function of earware
- Drying function

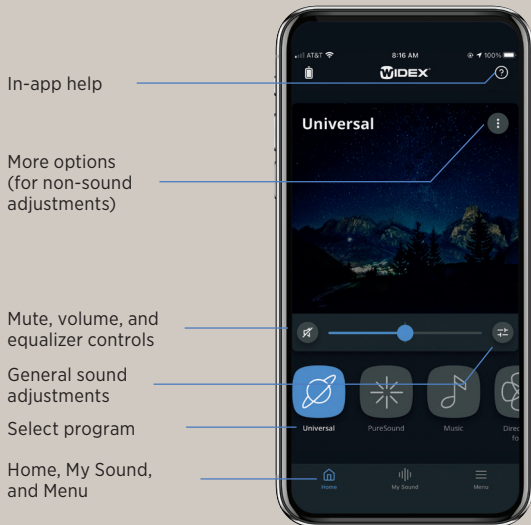

CONTROL YOUR HEARING

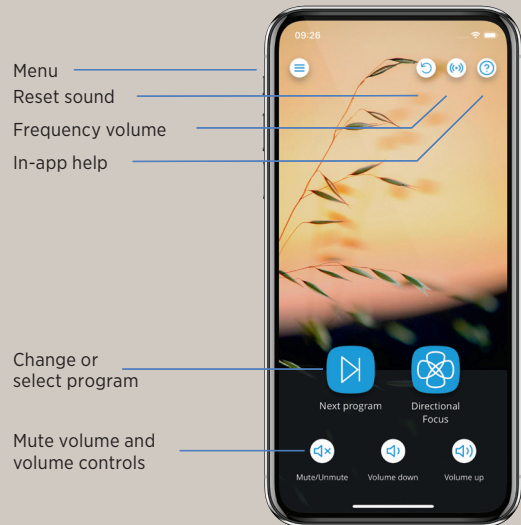

With WIDEX **MOMENT**, you have the option to control your hearing aid using the WIDEX **MOMENT** app on your Apple or Android smartphone.* It's never been easier, more discreet, or more intuitive to fine-tune your hearing, so you get exactly the sound you prefer in the moments that are most important to you.

* The WIDEX **MOMENT** app works with the following WIDEX **MOMENT** models: mRIC R D (MRR2D), RIC 312 D (MRB2D) and BTE 13 D (MBB3D). All other models use the WIDEX **TONELINK™** app to control key functions.

WIDEX **MOMENT** APP

WIDEX **TONELINK** APP

Benefit from the real-time machine learning in My Sound to find your ideal settings easily and efficiently. * My Sound is not available for WIDEX **MOMENT** 110
